# EAST 59TH

---

East 59th is a New York Rooftop Restaurant, Bar & Terrace, right in the heart of Leeds. During the day it's a celebration of contemporary dining, and in the evening it's the place to be a sophisticated Manhattan-style rooftop bar with a selection of wines and beers and our infamous cocktail list.

Taking inspiration from New York's vibrant nightlife, East 59th includes distinct restaurant and bar spaces with bold bright interiors that are an expression of urban culture and New York Street grittiness. Wine and dine under the canopy of trees or go alfresco on the rooftop terrace overlooking the Leeds skyline.
